

# School Climate Report Card

Use your school climate data to give your school a letter grade from A+ to F for each area. In the third column, jot down some notes about why you gave this rank for when you talk to your team. Once everyone has completed this individually, see the **School Climate Discussion**.

Domain of School Climate	Grade	Why
<b>Support for Diversity:</b> How well does your school foster an inclusive environment by supporting & celebrating students from all backgrounds?		
<b>Teaching Quality:</b> How well does your school support students' academic and social and emotional growth?		
<b>School Pride:</b> How much is your school a place that people want to attend?		
<b>Student-Student Relationships:</b> How well do students treat each other and support each other?		
<b>Student-Adult Relationships:</b> How caring and supportive are adults?		
<b>Adult-Adult Relationships:</b> How well do adults at the school support each other and get along?		
<b>Physical Safety:</b> How clear and fair are the rules? How well are students protected from harm?		
<b>Psychological Safety:</b> How safe do students feel to express themselves and their feelings at school?		
<b>Social Safety:</b> How safe do students feel from teasing or social exclusion?
